“Since implementing AVID, Vallivue now has an additional 800 learners who see themselves as college-bound students and all of them are taking college-prep curriculum, including more AP® courses. Since employing the AVID System five years ago, over 400 teachers have been trained in the use of AVID teaching strategies. Student achievement is showing some gains as well, with a 7 percent increase seen in last year’s SAT® scores.”

—Vallivue School District Superintendent

AVID is a nonprofit organization that provides educators with proven, real-world strategies to accelerate the performance of underrepresented students so that these students and all students across the entire campus succeed in college, career, and life.
