Goals of the AVID College and Career Readiness System

- Accelerate underachieving students who have potential into more rigorous courses.
- Teach academic and social skills not targeted in other classes.
- Provide intensive support with in-class tutors and a strong student–teacher relationship.
- Create a positive peer group for students.
- Develop a sense of hope and personal achievement through hard work and determination.

**Missouri teachers, administrators, and counselors are AVID-trained**

"When we look for evidence of deeper learning in schools, we look for well-designed systems, an attention to the individual needs of children, and a school culture where empathy and compassion are nested in every aspect of the school. Our schools have achieved these important elements because of AVID. Our AVID system makes it more predictable that children will be ready for college, careers, and life! Our AVID culture prioritizes the individual child while also ensuring every child involved in the system belongs to a community of support and care. AVID is the formula for deeper learning and higher achievement!"

—Missouri district leader

AVID is a nonprofit organization that provides educators with proven, real-world strategies to accelerate the performance of underrepresented students so that these students and all students across the entire campus succeed in college, career, and life.
